

EDpaX delivers the full Primary School Curriculum using step-by-step Interactive Whiteboard lessons

EDpaX's teacher led products fully support and ease the pressures the modern day teacher faces by delivering and reinforcing the full Primary Curriculum in a series of step-by-step Interactive Whiteboard lessons. The products, designed and created by teachers, transform the school whiteboard into an inspirational educational tool.

An essential educational tool...

For schools...

- Delivers the full Primary Curriculum aligned to National Guidelines giving a progressive programme of study for the Primary School
- Offers depth, breadth, balance, continuity and progression through the curriculum
- Meets government initiative of integrating ICT throughout the curriculum
- Builds on traditional teaching methods

For pupils...

- Motivates pupils to learn
- Encourages pupil participation
- Makes learning fun
- Provides visual stimulation to assist understanding
- Improves behaviour

For teachers...

- Designed by teachers with in-depth curricular knowledge
- Reduces teachers' preparation time
- Provides teachers with expertise in using whiteboards
- Encourages all learning styles
- Develops teachers' ICT skills
- Promotes creativity in the classroom
- Allows more time for discussion through presentation
